

# 2024 National Carer Survey

## National Highlights

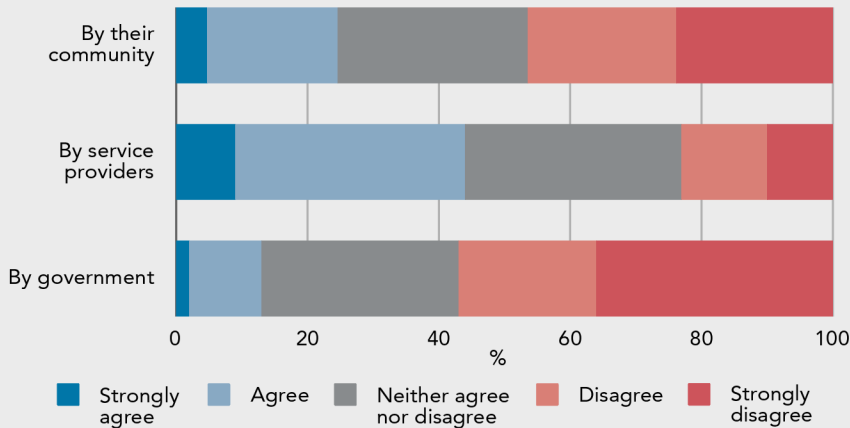

The 2024 National Carer Survey results tell us a lot about carers' day-to-day experiences, support needs and perspectives on caring. Below are some of the key findings so far.

*"No one seems to ask the carers what their needs are. This has been my experience. It's like we are completely invisible."*

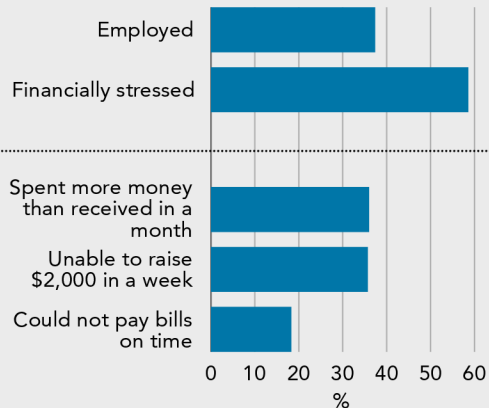

### How recognised and valued carers feel

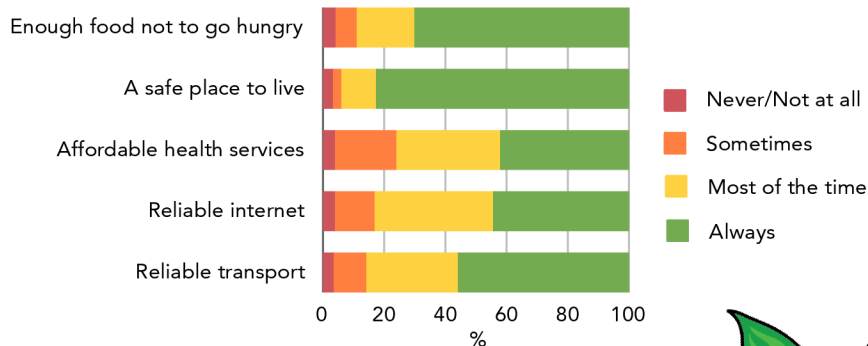

*"The thing I find most difficult is that people rarely ask me how I am travelling or if I need help."*

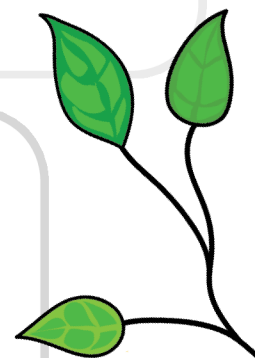

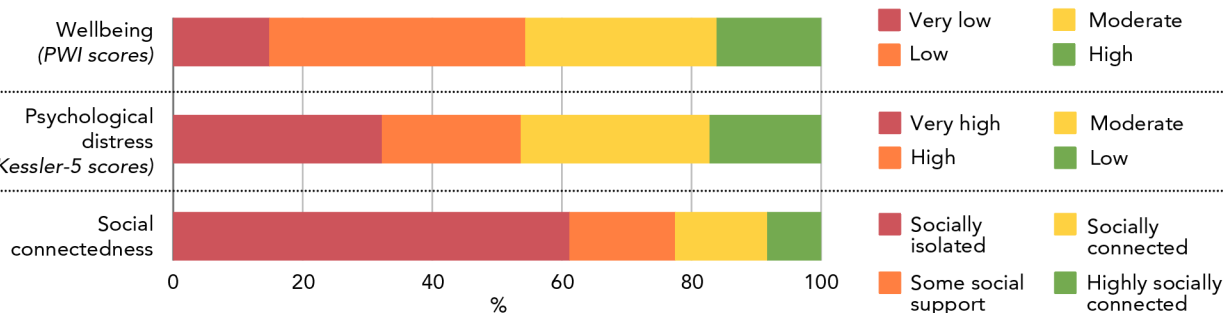

### Financial experiences

### Whether or not basic needs are met

### Wellbeing, psychological distress and connection

*"My experience as a carer has highlighted just how difficult the role is, and just how underappreciated carers are in our society."*

The National Carer Survey is an initiative of Carers NSW in partnership with the other State and Territory Carer Organisations. The Survey is proudly funded by the NSW Department of Communities and Justice (DCJ).
